Why use Koble?

Verified opt-in audience

No seeding - no robots - users from Fortune 500 companies and beyond with verified company e-mail addresses only.

Active user base

Hanging there is not enough - with 4.2% average CTR Koble users engage twice as much as in any other digital media.

Access to decision makers

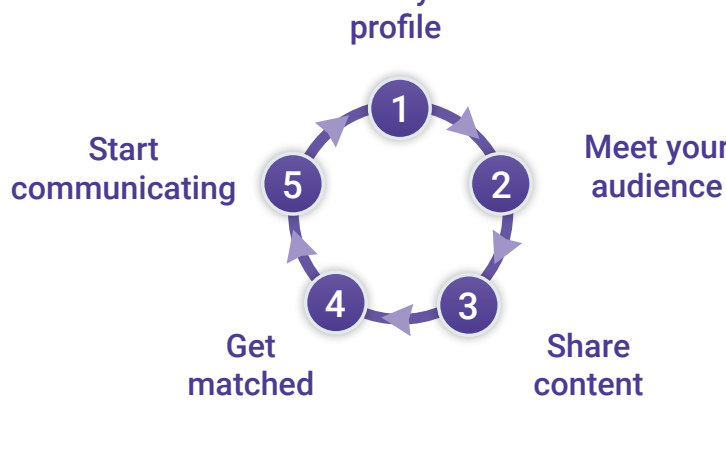

Not just untraceable clicks - complete linkage from content to user and company with direct access through anonymous chat.

We completed an entire sales process with Koble from content sharing, connecting, negotiations on chat, exchange of contracts and payment receipts. My wife did not believe it!
