In its simplest form Koble is a matchmaking app for businesses. We help buyers and suppliers from large and small businesses to meet, connect and communicate.

## What is the Kobler Program?

The Kobler program is an easy way to make money in your spare time. It is simple: you are inviting people by e-mail via the Kobler app to join the Koble platform for free. Once they join using your code you make money. You are helping build the Koble network and Koble in return is growing your bank account.

## How Do I Make Money?

Koble has created three revenue streams for Koblers:

1. When someone you invited joins the Koble platform you will be paid \$5
2. Once they decide to upgrade to the Pro Plan you will be paid an additional \$85. For every year they renew and you are around as a Kobler you will keep making the \$85.
3. If you invite friends to become Kobler and they join the program using your code, you will be entitled to make 30% of their commission. The bigger your tribe and theirs, the more money you make.

## What is the Tribe Program?

When you find something that is good it is great to share it with your friends. Koble wants you to share the program with your friends. When one of your friends becomes a Kobler from your invitation you will now not only be paid commissions on your sales but you will receive 30% commission on your friends commissions.
